## For the

### Canadian Ski Marathon 2020

#### Overview

The radio is mounted on a polyethylene board. It is equipped with a microphone, a mag-mount antenna (which should be placed on the vehicle's metallic roof), and a power cable to connect to the vehicle's auxiliary power outlet (cigar lighter socket).

Each radio has a unique identification sticker with the user's role/callsign.

### Canadian Ski Marathon 2020

## Zones configuration

Each radio has 3 zones available:

- 1) **Mt Tremblant** → « Mont Tremblant – Montebello » Trail (Saturday)
- 2) **Lachute** → « Montebello – Lachute » Trail (Sunday)
- 3) Simplex Zone → Simplex Frequency (to be used only with the Event Director agreement – Frédéric Ménard)

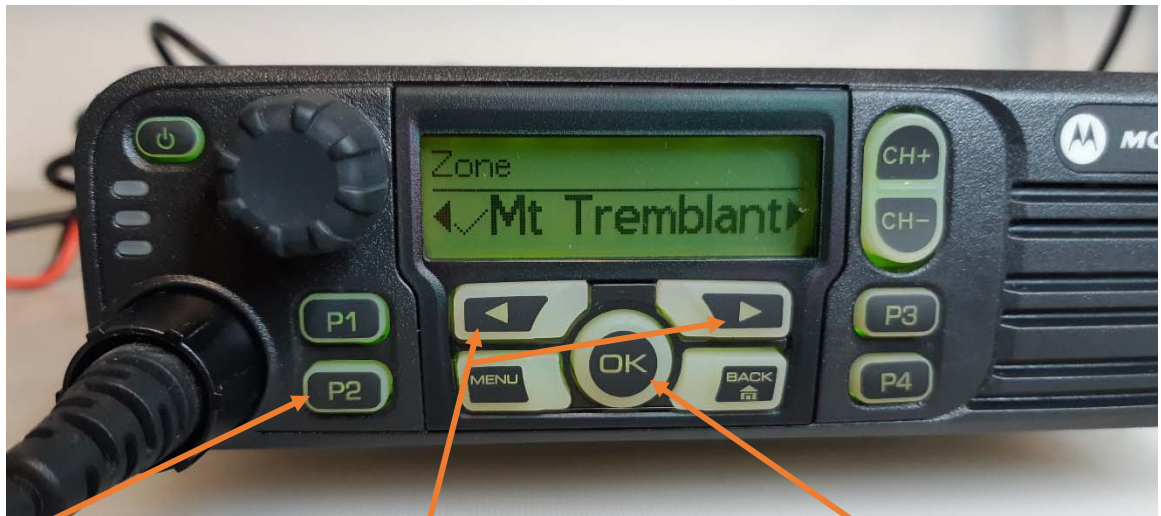

## Zone selection

The planned zones are « **Mt Tremblant** » on Saturday and « **Lachute** » on Sunday.

Net Control MAY advise you to change zones if required. You can only communicate with other radios on the zone you have selected.

To select a zone :

- Press button « **P2** »
- Press the **arrows** to select the desired Zone
- Press the « **OK** » button
